INTERLINK MINISTRIES, IN

Christen begegnen Muslimen

December 2015

The story continues . . .

The year 2000 was a year of big changes for us. TWR's downsizing on Bonaire meant a move to South Africa. In South Africa Frederick worked as a Program Administrator. This basically entailed administrative work and customer service related to programs aired on TWR Africa's transmitters.

However the air pollution in Johannesburg was too much for our young family's health. Oliver in one year

had antibiotics 13 times to help him fight of one bronchitis after the other. Alice did not fair any better and at one point in time she had a pneumonia that required a three day stay in the hospital with an IV and respiratory treatments.

Not long after this we found ourselves asking God what He had next for us. We initiated a transfer request with TWR, but God had other plans. New missionaries with TWR in Johannesburg told us about their last missionary assignment with Bible Basics International (BBI), working with Radio HRGS on the Island of Roatán in Honduras. Both Marlies and I thought to ourselves that this was a place that we could see God using us. When things started to look less than hopeful for the transfer request we

decided to email BBI and introduce ourselves. Four weeks later we found ourselves on a big trip. A missionary family graciously volunteered to care for our two and four year old children while we were away on the 10 day trip.

First we were off to BBI in Florida, via New York, to be interviewed as missionary candidates. Then we were off to Roatán to meet the missionaries and get to know Radio HRGS. After that we flew back to South Africa to prepare for our departure in four months. We bought a container to pack our things in, as no company would sent theirs, as they were afraid that they would not get it back. Where were we going?

After leaving we first had two month furlough in Switzerland, during which we were accepted by the Swiss Mission Fellowship as missionaries. They still handle the receiving of support for us in Switzerland among the other administrative task that they do. Then it was on to the US for a two month furlough before we finally boarded the flight to Roatán.

Over the next six years that we lived on Roatán in the tiny town of Gravel Bay we were privileged to do many different jobs to keep Radio HRGS on the air sending the Good News out to the Bay Islands of Honduras. Frederick was the station technician and was responsible for maintaining everything from the riding lawn mower to the FM transmitter. Marlies was the book keeper for

the last several years. Both were on the air each week.

In 2009 we made the 3rd of our trans-Atlantic moves which involved packing a 20 foot shipping container once again. In 2008 we made the decision to move to Switzerland.

The two major factors in doing so were helping to care for Marlies' aging parents and the children's education.

We have now been in Switzerland for six years. During that time I have worked as a website developer. First with BBI, then in 2011 I started working with Christians meeting Muslims (CM). It was at that time that we were accepted with our current

US mission Interlink Ministries Inc. In 2013 CM became a part of MEOS, a ministry that has been working to reach people in Switzerland with other cultural backgrounds for over 50 years and my responsibilities grew to include more websites. One that I had the privilege of developing was the traumlandschweiz.ch website for MEOS' Dreamland Switzerland DVD project.

US Furlough Update

I (Frederick) was in the USA this summer for two months. Thanks to all that prayed for me. My 12 flights all went well, as did the two longer multiple-day road trips. It was a joy to be able to visit almost all of our supporters on this trip and also be able to connect with people that I had not seen in person for many years. Wow, just writing that makes me feel like I might be getting old! ;)

Thanks to all of our supporters for your hospitality during my furlough. Thanks also to those that picked me up and dropped me off at the airport. We have

one new supporter after this furlough, a church that had previously supported us but has been through some rough times. Do pray for them and all of our supporters that God will continue to enable them to be a part of our team to reach the world for Christ.

DVDs

We have a few DVDs left over from our US furloughs. If you are interested in having one or more of these DVDs please contact us and we will have them mailed to you. See the DVD covers for how many are left and where to find more information about them.

Merry Christmas

We do want to wish you and yours a very Merry Christmas. Our prayer for you is that you will be able to truly appreciate what God did for us at Christmas time and how much He truly loves us!

Thank You
and
Merry Christmas

Thanks for your continued prayer and support of our missions work. May God richly bless you!
